May 21-23, 2019

SECOND CALL FOR PAPERS

**PRIP'19 14th International Conference on Pattern Recognition and Information Processing
May 21-23, 2019
Minsk, Belarus**

The conference will provide an excellent opportunity for scientists, researchers and engineers to exchange up-to-date technical knowledge, new ideas and experience and define ways of further development in the field of pattern recognition and information processing. The conference will focus on both theory and applications.

ORGANIZED BY

Belarusian State University of Informatics and Radioelectronics (Belarus)

IN COOPERATION WITH

- The International Association for Pattern Recognition (IAPR)
- Belarusian Association for Image Analysis and Recognition (IAPR member)
- United Institute of Information Problems of National Academy of Sciences of Belarus (Belarus)
- Belarusian State University (Belarus)

Honorary Chairman of the Conference:

Vadim Bogush Belarus

Chairman of the Conference:

Valery Prytkov Belarus

Vice-Chairmen of the Conference:

Alexander Tuzikov Belarus

Sergey Ablameyko Belarus

The topics of the Conference include (but are not limited to):

Signal Processing

Image Analysis

Pattern Classification and Recognition

Information Processing

Intelligent Systems

Computer Graphics and Vision

Distributed, Embedded Systems and Parallel Architectures for Signal and Image Processing

Knowledge - Based Expert and Decision Support System

Application of Pattern Recognition and Image Analysis

Multidimension Image Processing, Modeling and Construction

LANGUAGE

English is the official language of the conference. The paper should be written and presented only in English.

SUBMISSION OF PAPERS

Papers for the conference should be submitted in English in a camera-ready format via the EasyChair system. The length of the submitted paper is restricted to 6 pages (A4 format). Microsoft Word (any version) is recommended for paper presentation.

DATES & LOCATION

PRIP`19 will be held in Minsk (Belarus) at the Belarusian State University of Informatics and Radioelectronics on May 21-23, 2019.

WELCOME TO MINSK

Minsk is the capital of the Republic of Belarus. It is located in a picturesque place on the river Svisloch, which was in ancient times one of the busiest trade-routes connecting the Baltic and the Black seas. Minsk is the city where one can find the best pieces of Belarusian cultural heritage: museums and exhibitions, theatres, world famous Belarusian ballet, folklore dancing ensembles and choirs. Numerous scientific centers and leading institutions of higher education, situated in Minsk, are well-known abroad for their fundamental and applied researches. Minsk is a cross-road of the most popular European tours. It is connected by motorways, railways and airlines with all the European capitals and also with the main cities of the world.
